

EABC Board of Directors Candidate

Name: Mr. Antoine GUSTIN

Company: BNP PARIBAS

Contributions to EABC

BNP Paribas is one of the leading European banks with a presence in 74 countries and more than 190,000 employees globally. We have been operating in Thailand since 1979 and our clients' portfolio includes the largest Thai conglomerates, Financial Institutions and Multinational companies.

I join BNP Paribas 21 years ago and I have been posted in several countries: France, Qatar, Belgium, China and now Thailand (since 2014). In Beijing, I was an active member of the banking working group of the European Chamber of Commerce between 2009 and 2013.

As a CEO of BNP Paribas Thailand and the Chairman of Association of International Banks I would like to contribute to a better understanding of the Thai banking environment and financial system, facilitate interactions with some key local players and help promoting Europe, EABC and its members in Thailand.

I do also believe that the Directors of the board should join forces to further grow the number of members. Our voice will be better heard.
