

EABC Board of Directors Candidate

Name: Mr. Rolf-Dieter Daniel

Company: UMI-Asia & Brainforce International (Thailand) Co., Ltd.

Contributions to EABC

During my assignment as President, EABC has achieved a **high recognition** among the Thai Government, Embassies, bilateral Chambers, ASEAN European Chambers, globally in EBO and in Brussels. I am able to continue these close contacts. Success can be seen in our **advocacy work**.

As President, I am aware of **heavy workload**. I spent over 60% of my time to make time for EABC. I am prepared to spend the necessary time as Ordinary Director. As Chairperson of **SME Working Group** we organized many events focusing on SME problems. With my experience in these fields I will derive a strategy to improve the SME situation. The last years EABC was confronted with **many obstacles** requiring experience, patience and strong engagement. I also contributed financially to keep the operation running. It requires **strong dedication** to run EABC and I certainly achieved necessary results. Since EABC is out of the Grant we are more free. EABC must adopt to these circumstances to remain successful in future. This requires a **Re-direction** and I will fully support this drive.
